

Become a **Technology Intern** with *Life Frames, Inc. & A Living Library* !

- **Earn internship credits** for your class, and/or **community service credits**, by helping ***A Living Library*** expand its online presence and worldwide outreach !
- ***A Living Library (A.L.L.)*** provides a powerful systemic framework, methodology, and strategy for creating placed-based, ecological change in schools and communities - locally and globally. *A.L.L.* incorporates local resources, and transforms them to become vibrant, content-rich, ecological learning landscapes; each branch linked to another. We have four *Branch Living Library & Think Parks*, plus a community-wide *Living Library Nature Walk* underway.
- We are looking to make *A Living Library* more well know **locally, nationally, and internationally** through an increased web presence !
- We are searching for **hard-working, creative interns** with experience and interest in all aspects of **Web Design, that are skilled in Social Media Outreach, and Search Engine Optimization (SEO)** !

As an **A.L.L. Technology Intern** you will --

- **Upload, update, and manage** web content
- Create **eNewsletters** and **Email Campaigns**
- **Improve SEO settings** within posts to the ***A Living Library Blog***
- **Develop strategies** for successful outreach using **Social Media** (Facebook, Twitter), and an **increased online presence** going into the future
- **Move content** from old website to new, streamlined blog site
- Help with **PR** and **Marketing** for *A Living Library*
- Set up ways for *A Living Library's* online presence to be used to **link the four *Branch Living Library & Think Parks* in San Francisco & New York City and the *Living Library Nature Walk***, and assist them in communicating with each other

For more information about this opportunity, contact: **Bonnie Ora Sherk**, Founder & Director, *Life Frames, Inc. & A Living Library*- bonnieora@alivinglibrary.org, (415) 206-9170.
